

Carl A. Kearney

Chief Actuary and Chief Risk Officer and Executive Director

Carl A. Kearney serves as Chief Actuary and Chief Risk Officer and an Executive Director of CNA Hardy's UK, European and Lloyd's operations, and is a member of the leadership team at CNA Hardy. Carl's primary responsibilities include pricing, reserving, portfolio management, capital modelling, enterprise risk management, reinsurance, exposure management and catastrophe management. He is also deeply involved in the strategic and general management of the CNA Hardy companies. Prior to his appointment to his current role in 2021 he served as Chief Actuarial and Analytics Officer of CNA International for seven years where he was instrumental in the development of the companies' data and analytics capability. He has also continuously held a variety of Board and senior leadership positions for CNA's international companies for over 10 years. With more than 20 years' working in European and International insurance markets, Carl has a broad range of experience in general insurance.

A Fellow of the UK's Institute and Faculty of Actuaries (FIA), the Society of Actuaries in Ireland (FSAI) and a Chartered Enterprise Risk Actuary (CERA), Carl also holds degrees from the National University of Ireland, Galway and is active in the Actuarial Profession and in the insurance livery company.
